# Council Plan Snapshot 2025 – 2029

### **About Yarra Ranges**

Yarra Ranges offers diverse landscapes and communities across 2,500km² and 55 townships. The municipality is the largest metropolitan Council, stretching from the densely populated suburbs into the foothills of Mt Dandenong, agricultural valleys and mountain side of Donna Buang. Home to over 165,000 people, the majority live in townships and urban areas which represent approx. seven percent of the Yarra Ranges landmass. Council recognises the Wurundjeri and other Kulin nations, Taungurung and Bunurong, as the Traditional owners of these lands and waterways.

While our region enjoys the benefits from tourism, agriculture, rich landscapes and unique character, we face important challenges including funding limitations, diversity of housing, cost of living pressures, growth and tourism, changing climate and increasing extreme weather events.

### The role of Council

#### **Provider**

Responsible for delivery of services, programs, infrastructure and support to individuals and groups.

#### **Partner**

Build relationships and partner with others to enable things to happen and work towards common goals.

#### **Planner**

Use evidence, including community views to plan for current and future community needs and priorities.

#### **Educator**

Share information, raise awareness, develop knowledge and skills to empower individuals and groups.

#### **Advocate**

Raise awareness and show leadership for the interests of local communities, to other decision makers e.g. State and Federal Government.

#### Regulator

Prioritise safety and regulate compliance of activities through local laws and legislation.
