Creating a Place for Women in Sport

Pre-Tool Survey

The purpose of this survey is to provide clubs with a broad range of perspectives, insights and experiences from club members, players, parents and committee members regarding club culture and gender equality. Honest feedback is encouraged.

We would like to acknowledge that the survey uses the language women and girls throughout. We recognise that these terms are binary and do not capture or reflect all genders. It is important to acknowledge the binary nature of this language.
